

## SOCIETY

BY GRACIA POPE WOOD.

Mrs. H. H. Welty will entertain informally this evening for her daughter, Mrs. Grover Dunn, of Wichita, who is visiting in Topeka for a few days. Guests will be a few of Mrs. Dunn's good friends.

Tomorrow afternoon is the time for the all-Washburn picnic. All of the students and faculty are to meet on the campus at four thirty o'clock and take chartered street cars from there to a destination which is a secret. Several large baskets of food will be taken along, and that of course will be the chief feature of the entertainment. A number of stunts have been planned and an essay on "Why Do Doughnuts Not Grow on Trees?" will be read.

The committee in charge of the picnic is composed of Miss Maym Parsons, Mr. Lowell Berry, Miss Mabel Shirr, Mr. Harry Bone, Mr. Bryan Hoffman, and Miss Katharine Moore.

John W. Nowers, head of the car accountant's department of the Santa Fe, was given a reception and party at the Elks club last evening by two hundred members of his department and their guests. Yesterday was the forty-first anniversary of Mr. Nowers' entry into railway service and in celebration of the event the party was planned.

Mr. Nowers was invited to attend a supper at the club with his son, Mr. Philip Nowers. When the supper was over a messenger called him to the ball room above where the large assembly of guests awaited him. A reception was held first and after that a dance. The hall was decorated with rose paper and baskets of spring flowers. Punch was served during the evening. A musical program came between dances.

The party given Mr. Nowers last night was the first of the kind in the history of the Santa Fe offices in Topeka. Mr. Nowers has been in Topeka for many years.

# The Parisian

807 Kansas Ave.

Canton county, England. He entered the office of the general manager of the Santa Fe in May, 1873, and since that time has served in various offices of the accounting, auditing and engineering departments. His popularity among his own clerks and fellow workers was proved by the enthusiasm with which they entered into his party last night.

The office presented him with a fitting memento for the occasion and Mrs. Nowers wore a beautiful corsage of pinks and purple sweet peas given her by Mr. Nowers's office associates.

Members of the committee in charge of the party were: Mr. E. H. Clarke, Miss Mary Strohm, Miss Katherine Miller, Miss Elizabeth Maloney, Miss Ethel McClements, Miss Fanny Shirley, Miss Edna Miller, Miss Marie Evans.

Mrs. C. W. Smith, state president of the Association of Collegiate Alumnae; Miss Ethel Chase, state recording secretary, and Mrs. T. F. Doran will go to Lawrence tomorrow to attend a luncheon and a meeting of the local chapter of the A. C. A.

Mrs. Herbert Guild was hostess at the regular meeting of her sewing club this afternoon.

Miss Charlotte Lavitt, head of the English department at Washburn college, has been delivering a series of lectures before the literature department of the Woman's club this year and yesterday she spoke before the entire club at their open meeting of which the literature department had charge. Miss Lavitt read and interpreted passages from Tennyson's "In Memoriam."

Prof. Thomas Wiggins, also of Washburn, discussed the modern American magazine and showed the difference between the tawdry fiction with which they are filled and the work of the best English novelists.

The American public wants stories full of rapid action and tense situations, while real literature concerns itself for the most part with character study, philosophy and the calmer, deeper events of life. Professor Wiggins cited Thomas Hardy, Arnold Bennett, Joseph Conrad and M. G. Wells as leading writers of the last twenty-five years.

The open meeting was closed with a group of songs by a male quartet consisting of Mr. Howard Searle, Mr. Hugh Smith, Mr. Don Campbell and Mr. Frank Ripley.

No action was taken on the community canning project which Miss Irene Taylor, home demonstration agent, presented to the home economics department of the club yesterday. The matter will be taken up at the next meeting.

Miss Margaret Haggart, formerly head of the domestic science department of the State Agricultural college, gives an almost impossible job to the successful housewife and requires of her more than ordinary virtue and ability. She must have common sense, intellect, skill and heart and she must be a good playmate for her children and husband, according to Miss Haggart. She cannot be an eight-hour-a-day worker, but must be on her job all the time. Her husband and children need spiritual as well as physical food and for this reason, no matter how scientific, can never take the place of the home.

After listening to the talk Miss Edith Heller made before the departments of art and education, it made one agree with Mrs. L. C. Hode, who urged that art be made a more important part of the regular school curriculum. The fundamental laws of color cannot be learned too young or too early become a part of the child's every day knowledge to be used practically all their life. An understanding of line and proportion will make all things more significant to him and early training in art may develop his own latent ability as it never could in later years. Miss Heller exhibited a number of sketches, designs and color schemes made by her students in the high school.

Mrs. C. C. Bailey, superintendent of nurses of the Public Health Nursing association, told the work this organization is doing to the members of the department of civics. Miss Lina Bessette, secretary of the state welfare board, told of the living conditions of working girls. Mrs. F. A. Benjamin reported of the work of the Topeka Provident association day nursery.

The many beauties and artistic possibilities of the climbing vine were demonstrated by Mrs. A. R. Springer in the forestry department meeting. When space is limited vines can many times be used to take the place of shrubs, and there are many places where nothing else can be used so effectively. Mrs. Springer had a basket full of government, flower seed packages which she gave to any one interested.

Mrs. Walter Bates spoke on recent development in the memorial tree movement.

The marriage of Miss Edith May Curtis and Mr. John Gordon McComb was solemnized Thursday afternoon at 2 o'clock at the home of the bride's parents, Mr. and Mrs. W. P. Curtis, in Buchanan street. The Episcopal ring service was read by the Rev. H. J. Taliaferro, an aunt of the bridegroom. The ring was carried in a calla lily by little Sarah Rachel McComb. Preceding the ceremony Miss Nellie McComb and Miss Jennie McComb sang "I Love You Truly." The bride wore a traveling suit of tan with a small black hat and a blouse of white georgette. Her corsage was of roses, sweet peas and lilacs of the valley. The house was decorated with ferns and carnations.

Mrs. McComb is a graduate of the Topeka high school, in the class of June 17. She has been teaching at Menoken. Mr. McComb attended Dougherty's business college. He is a farmer and stock raiser and he and his bride will live near Mission Center.

The reception tomorrow afternoon at which Mrs. E. M. Johnson and Miss Naron Herren will be hostesses will be held at the Herren home in Topeka boulevard. The afternoon is in honor of Miss Beryl Buckley, who will present "The First Filice."
